

SISIR SEN

Software Developer

Kolkata, West Bengal — +91 9907517710 — worksisir01@gmail.com

linkedin.com/Sisir Sen — github.com/Git-Sisir — Portfolio

Professional Summary

Frontend-focused software developer with hands-on experience building responsive web applications using React.js and JavaScript. Skilled in REST API integration, reusable UI components, responsive design, and modern development workflows. Focused on creating clean, interactive, and user-friendly web interfaces.

Experience

Techno Exponent — Euphoria Genx

Jan 2025 – Jul 2025

MERN Stack Development – Training & Internship Program

Kolkata, West Bengal

- Completed a 6-month MERN Stack development training and internship program focused on frontend and web application development.
- Participated in the development of a Healthcare Dashboard project, contributing primarily to frontend development and responsive dashboard interfaces.
- Collaborated with team members throughout the project development process.

Projects

Nexora – Crypto Market Platform | React.js, JavaScript, Tailwind CSS, CoinGecko API

GitHub | Live Demo

- Built a responsive cryptocurrency platform displaying live market data, global statistics, and trending coins.
- Integrated multiple CoinGecko API endpoints using asynchronous data fetching and dynamic rendering.
- Developed dynamic coin-detail pages with React Router, loading and error states, and reusable UI components.

Portfolio Website | React.js, Tailwind CSS, Framer Motion

GitHub | Live Demo

- Designed and deployed a responsive developer portfolio website to showcase projects and technical skills.
- Implemented responsive layouts, smooth animations, and a contact section optimized for desktop and mobile devices.

Pluvia – Weather Application | JavaScript, HTML, CSS, Tailwind CSS, REST API

GitHub | Live Demo

- Built a responsive weather application that retrieves and displays real-time weather information through REST API integration.
- Used asynchronous JavaScript to dynamically render temperature, humidity, and weather conditions.

Technical Skills

Languages: JavaScript

Frontend: React.js, HTML, CSS, Tailwind CSS

Web/API: REST APIs

Tools: Git, GitHub, VS Code

Education

Brainware University

2022 – 2026

B.Tech in Computer Science and Engineering (AIML)

Kolkata, West Bengal
